

**EDI (INDUSTRIAL) LIMITED**  
**GUIDE TO INFORMATION AVAILABLE THROUGH**  
**THE MODEL PUBLICATION SCHEME 2017**

The Freedom of Information (Scotland) Act 2002 (the Act) requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- publish the classes of information that they make routinely available
- tell the public how to access the information and what it might cost.

EDI (INDUSTRIAL) LIMITED has adopted the Model Publication Scheme 2017 produced by the Scottish Information Commissioner. This scheme has the Commissioner's approval until 31 May 2020.

#### Option 1

You can see this scheme on our website at <http://www.edigroup.co.uk> or by contacting us at the address below.

#### Option 2

You can see this scheme on the Commissioner's website at [www.itspublicknowledge.info/PublicationSchemeGuidance](http://www.itspublicknowledge.info/PublicationSchemeGuidance) or by contacting us at the address below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class,
- state what charges may be applied
- explain how you can find the information easily
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published

#### *Availability and formats*

The information we publish through the model scheme is, wherever possible, available on our website. We offer alternative arrangements for people who do not want to, or cannot, access the information online or by inspection at our premises. For example, we can usually arrange to send information to you in paper copy (although there may be a charge for this).

#### *Exempt information*

We will publish the information we hold that falls within the classes of information below. If a document contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we may remove or redact the information before publication but we will explain why.

## Copyright

Where EDI (Industrial) Ltd holds the copyright in its published information, the information may be copied or reproduced without formal permission, provided that:

- it is copied or reproduced accurately
- it is not used in a misleading context, and
- the source of the material is identified

Where EDI (Industrial) Ltd does not hold the copyright in information we publish, we will make this clear.

## Charges

This section explains when we may make a charge for our publications and how any charge will be calculated.

There is no charge to view information on our website or at our premises except where there is a statutory fee, for example, for access to registers.

We may charge for providing information to you e.g., photocopying and postage, but we will charge you no more than it actually costs us to do so. We will always tell you what the cost is before providing the information to you.

Our photocopying charge per sheet of paper is shown in the table below:

<b>Size of paper</b>	<b>Pence per single sided copy (black and white)</b>	<b>Pence per single sided copy (colour)</b>
A1	125	500
A2	85	340
A3	0.4	3.9
A4	0.4	3.9
A5	N/A	N/A

Information provided on CD-Rom will be charged at £0.40 per computer disc.

We will recharge any postage costs at the rate we paid to send the information to you.

When providing copies of pre-printed publications, we will charge no more than the cost per copy of the total print run.

We do not pass on any other costs to you in relation to our published information.

This charging schedule does not apply to our commercial publications (see Class 8 below). These items are offered for sale through retail outlets such as book shops, academic journal websites or museum shops and their price reflects a 'market value' which may include the cost of production.
